

Pre-lab Assignment 0

Due: Mon, 31 Aug 2020 23:59:59 (approximately 101 days ago)

[Score: 10 / 10 points possible]

Just a little pre-lab work to get things started.

Academic Honesty Statement [0 ... -100 points]

By typing my name, below, I hereby certify that the work on this prelab is my own and that I have not copied the work of any other student (past or present) while completing it. I understand that if I fail to honor this agreement, I will receive a score of zero for the lab, a one letter drop in my final course grade, and be subject to possible disciplinary action.

Raghuram Selvaraj

(1) [2 points]

What IDE (integrated development environment) does ECE 362 use?

SystemWorkbench

(2) [8 points]

The user manual for your development board shows the four signals you must connect between the development board and the USB ST-LINK programmer to power, program, and debug the microcontroller. Name them:

1: 5V

2: GND

3: SWDIO

4: SWCLK
